ORTHO & INJURY NOW

at THE ORTHOPEDIC SPECIALTY CLINIC

A new service that provides *immediate care* for your needs

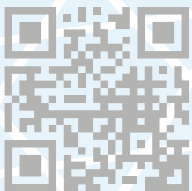

- A friendly sports medicine and walk-in clinic for new strains, sprains, fractures, cuts, and scrapes.
- Care under the medical direction of a physician with over 15 years experience and backed by the expertise of highly skilled sub-specialty orthopedic surgeons.
- Fast, convenient care from specialists with access to the services you need, including radiology, MRI, splinting and casting, as well as therapy. Appointments for acute follow-up can be scheduled quickly with a specialist.
- Less expensive, offering economical access to specialized medical care at the cost of an office visit versus the expense of an emergency room or urgent care visit.
